

July 18, 2023

Dear Neighbour,

Thank you to everyone who responded to the recent Landmark Social Committee Survey. The Committee has reviewed the responses and wishes to share some **highlights**:

There was considerable interest in a **restaurant outing** with Landmark neighbours. Dinner was the preferred meal. The Social Committee is exploring options and venues and is tentatively planning a restaurant outing in **October**. Stay tuned for more information.

Many people were enthusiastic about the idea of joining with neighbours to have **Fish and Chips** in the Landmark Lounge or on the Patio. The Social Committee is tentatively planning to hold a **Fish and Chips dinner** in **November**. Watch for details.

The Social Committee is continuing to review the feasibility of offering **other activities** at the Landmark.

Some people suggested excursions or activities such as kayaking, walking, or chair yoga. It isn't feasible for the Social Committee to organize special interest activities such as these; however, **the Committee encourages anyone that suggested a new activity to organize it**. This is how activities such as bridge, snooker and aquafit began and continue to run at the Landmark. Members of the Social Committee are available to provide support to anyone wishing to organize a new activity.

Please contact Rick Holt (richard.holt@queensu.ca), Social Committee Chair, or Suzanne Harding (suzanne.harding@bell.net), Social Committee member, if you suggested an activity and would consider organizing it.

Watch for details and sign-up sheets for these two activities on the Landmark social calendar:

- A Peachy Idea - August 20
- Pizza in Piazza – September 10
